

**WELCOME TO MY TWITTER
DASH-BOARD**

A word cloud composed of various letters, numbers, and symbols in different colors and sizes. The letters are arranged in a dense, overlapping pattern, with some characters appearing more frequently than others. The colors include shades of green, blue, purple, yellow, and red. The sizes of the characters vary, with some being significantly larger than others. The overall effect is a colorful and abstract representation of text.

Enter text: i saw an accident today Predict

Prediction Result

The predicted label is: IT IS A DISASTER

Tokenized Word Cloud

Enter text: this is just for testing Predict

Prediction Result

The predicted label is: IT IS NOT A DISASTER

Prediction Result

The predicted label is: IT IS NOT A DISASTER

Tokenized Word Cloud

Enter text: three died in accident Predict

Prediction Result

The predicted label is: IT IS A DISASTER

I have tried 2 disaster tweets and 2 non-disaster tweets and the model is predicting all the sentences very well
